

# Late Arrival and Early Departure

Occasionally, there will be girls who will need to arrive or depart from camp at a different time than the rest. Allow them to do this only if it is necessary. Don't let them leave just because they are not having fun. Fill these out PRIOR to going to camp. When camping as a stake, let the stake leaders know if any of your girls are arriving late or departing early; this will help them keep a count of who is there.
